

Dr. Warren M. Krutchick is excited to welcome Dr. Carl M. Embury to the practice!

My Dear Patient,

Dr. Carl M. Embury will be assuming my dental practice as of May 17th when I will step back on a part-time basis through this transition process. While I have had the pleasure of working with Dr. Embury over the past few years, I was introduced to him by his wife, Dr. Caitlin Embury DDS, who was a patient of mine for many years. I'm also a good friend of Caitlin's father.

There are so many reasons why Dr. Embury is such a good fit for my patients! He is a well-trained, caring and compassionate clinician and is committed to providing the same comfortable and personalized care that you have come to expect at my office. Dr. Embury, a native of Perry, NY, completed his undergraduate studies at Alfred University and received his Doctor of Dental Surgery (DDS) as I did from SUNY at Buffalo, School of Dental Medicine. As a dental student, Dr. Embury was awarded the prestigious "Dr. Earle J. Kelsey Scholarship", chosen by his peers as having good moral character, personal attributes, interest in the chosen career, consideration of others, ambition, community and school involvement as well as good academic standing. He's also the current President of the UB Dental Alumni Association.

Dr. Embury is also committed to providing the same level of service to our patients and is continuing to train in all fields of dentistry to provide pain-free and exceptional results.

I truly thank you for your trust and friendship. It has been an absolute pleasure of mine to have been your dentist and an honor and a privilege to have served you. Please join us in welcoming Dr. Carl M. Embury!

Sincerely,

Dr. Warren M. Krutchick
